

KINAMED®
INCORPORATED

New SuperCable® and/or Grip & Plate User Quick Reference Guide

Tensioner and Passer Technique Video:

- Watch SuperCables being applied during a shoulder revision by Brad Edwards MD. Great visibility makes this ideal for learning to use the passers and tensioner: <https://youtu.be/9ijbJgzskQQ>.

Grip Technique Summary Video:

- Watch SuperCables and a Grip-Plate (with locking screw) being applied during a cadaver surgery by Adolph Lombardi MD. This link starts the video at 5:45, when the technique demo kicks in: <https://youtu.be/BLNFOBx9-do?t=5m45s>

The above videos are “mandatory” viewing for reps prior to going into their first case with SuperCable.

Pre-Recorded Grip & Plate Sales Training Session Video for Reps:

- This ~30 minute webinar/training session goes over the technique pearls and teaches a new rep how to avoid potential pitfalls before his first case: <https://youtu.be/nBOW3tWgDGs>

Written Surgical Techniques:

- Basic SuperCable System: http://www.kinamed.com/wordpress/wp-content/uploads/B00110G_SuperCable_Surgical_Technique_rev.pdf
- SuperCable Grip & Plate System: http://www.kinamed.com/wordpress/wp-content/uploads/B00161G_Grip_and_Plate_Surgical_Technique.pdf

Case Examples and Vignettes:

- “Grip and Polymer Cable Fixation for Inter-Trochanteric Fracture”
By Vincent A. Fowble, M.D., Palm Beach Orthopaedic Institute, Jupiter, FL
<http://www.kinamed.com/pdf/SuperCable-Case-Vignette-Fowble.pdf>
- “Femoral midshaft periprosthetic fracture”
By Perry Secor MD, Los Alamitos Orthopaedic Medical Group, Los Alamitos, CA
<http://www.kinamed.com/wordpress/wp-content/uploads/B00188A-SuperCable-Case-Vignette-Perry-Secor-MD-Peri-Prosth-Fx.pdf>
- “Revision of Recalled Hip Stem, with Infection”
By Bradley S. Ellison, MD, MS, Advanced Orthopaedics, Richmond, Virginia, USA
http://www.kinamed.com/wordpress/wp-content/uploads/B00225A_SuperCable_Case_Vignette-Ellison_MD-Recalled_Hip_with_Infection.pdf
- Grip & Plate Clinical History/ Case Example Presentation:
